

# Handwriting Groups

## ABOUT THE CLASS:

Our multi-sensory group, led by an occupational therapist and speech-language pathologist, will provide support in the foundations of handwriting development and phonological awareness to help boost children's skills & stamina in preparation for the 2021-2022 school year.

Using a developmental learning progression rooted in principles of the Yoshimoto Orton-Gillingham method to literacy instruction, our therapists will guide students with grasping, spacing, sizing, alignment, and letter formation integrated with letter-sound correspondence, rhyming, blending and concepts of syllables, words and sentences.
